

## Who We Are

Dawson-Innové Joint Venture (JV) is an SBA-approved Joint JV formed under the rules of 13 CFR 124.513 between Dawson Federal, Inc. and Innové, LLC with over 23 years of experience meeting the modern Information Technology (IT), Cyber Security, and Intelligence, Surveillance, and Reconnaissance (ISR) Infrastructure needs of our Federal clients worldwide. Our team is built from a combination of Native Hawaiian 8(a) Small Business and Veteran Owned Small Business (VOSB) partners. direct award capability up to \$4M. GSA Contract end date of 30 August 2021.

## Introduction to 8(a) STARS II

8(a) STARS II is a multi-award, indefinite delivery/ indefinite quantity (IDIQ) contract engineered to provide cutting-edge technology solutions from award-winning 8(a) small businesses to federal agencies. Using 8(a) firms through an established contract vehicle instead of traditional, open market methods - saving time and taxpayer money.

## Contract Scope

The scope of the 8(a) STARS II Government Wide Acquisition (GWAC) is centered on four functional areas (FAs), derived from the North American Industrial Classification System (NAICS). The contract offers simple to complex IT service solutions such as: IT help desk support, information assurance, cyber-security, virtualization, IPV6, Web 2.0, and more.

The 8(a) STARS II GWAC is structured with two tiers, known as constellations. As a Constellation I prime contractor, Dawson-Innové JV is technically proficient and offers competitive pricing to federal agencies.

*See the back of this publication for the services Dawson-Innové JV offers and the features and benefits of using the 8(a) STARS II GWAC.*

**DAWSON**

DAWSON is a Native Hawaiian Organization (NHO) 8(a) Small Business with over 550 employees. We have planned/executed over \$500M in contracts for the Federal government, and have over 23 years of contract management, design/build, and installation experience, including sites in Europe and the Pacific Rim. We have experience with communication systems, Cybersecurity Engineering, Information Technology support, and Training Development & Delivery support. Our customers include among others the Army Contracting Command, 25th Air Force, Department of Homeland Security, Defense Logistics Agency, US Army Intelligence Center of Excellence, US Army Corps of Engineers, (USAICoE), and the Defense Intelligence Agency.

Innové is a VOSB with over 13 years of experience supporting the unique cybersecurity, information assurance and classified logistics requirements of the Intelligence Community (IC). Our Secret and TS/SCI cleared subject matter experts (SME)s provide direct service to the Air Force Intelligence, Surveillance, and Reconnaissance Agency (AFISRA, now the 25th Air Force), the U.S. Army, the Defense Information Systems Agency (DISA), the National Security Agency (NSA), and assistance to IC-aligned private enterprises. Our SMEs are often requested to consult on the toughest issues facing Air Force (AF) intelligence: they are capable, flexible and successful problem solvers experienced in initiating, planning, executing and closing complex projects.

# What are GWACs?

GSA's Government wide Acquisition Contracts (GWACs) allow federal agencies the opportunity to acquire IT services-based solutions tailored specifically their mission requirements.

## GWACs Value Added Features and Benefits

Features	Benefits
Contract types include: fixed price, labor hour, cost (depends on GWAC) and time and material terms	Offers flexibility of contract types to mitigate risk
Ancillary support permitted when it is integral to and necessary to the IT effort	Facilitates integrated IT solutions
Access to exceptionally qualified small business industry partners	Enables federal clients to earn small business credit
Pre-competed, easy-to-use contract with streamlined ordering procedures based on FAR 16.505	Saves time and money by reducing procurement lead time
Complimentary scope compatibility reviews	Promotes contract compliance and reduces risk of adverse audits
No protests on orders under \$10M, except on the grounds that the order increases the scope, period, or maximum value of the GWAC	Minimizes protest risk and supports timely order award for optimal mission support

## The Dawson-Innové JV Difference

By leveraging Dawson-Innové JV's efficient and proven organizational and operational approach to IT and Cyber Security Solutions, our clients realize considerable economic and value-added benefits:

## Dawson-Innové JV Services
