

DAWSON

A Native Hawaiian Organization Certified 8(a) Small Business

Training and Instructional Systems Design Support Services to our Federal Clients

DAWSON is a Native Hawaiian Organization (NHO) certified 8(a) Small Business with over 25 years of experience providing innovative, cost effective solutions to meet our clients emerging needs.

DAWSON was ranked **#2 of the TOP 20 NHO Contractors** for 2017 according to GovWin! DAWSON has the requisite experience and capabilities to meet varied training and instructional systems design demands in today's federal marketplace. DAWSON is **ISO 9001:2015** and **ISO 14001:2015** Certified! Making the difference in all we do is our commitment to Kūpono Ka Hana, the Hawaiian phrase for "Excellence in Service."

With strategic global locations, DAWSON has a wide-range of training support contracts and our global presence includes in-place and proven strategic partnerships worldwide, cleared personnel allowing us to operate in secured environments, and our extensive training past performance. Services provided to our Federal clients:

- Training management services through ADDIE (Analysis, Design, Development, Implementation, and Evaluation)
- MOS / AFSC Advanced Certification Training
- Contractor Instructor Led Training (C-ILT)
- Training Development and Support (TD&S)
- New Systems Training & Integration Division (NSTID)
- Training Development for Army Modernization Training (IAW with AR 350-1 and TR 350-70)
- Level 1 - 4 Interactive Multimedia Instruction (IMI)
- Developed the training courses for Systems, Applications and Processes (SAP) Enterprise Business System (EBS)
- Virtual and Simulation Training
- Synthetic Training Environment Interface
- Gaming Development and Delivery
- Web-hosted, Computer-hosted, or LMS-hosted Training Solutions
- Commercial and Civil Strategies

Excellence in Service is the DAWSON difference that delivers value to our clients

By leveraging DAWSON's efficient and proven organizational and operational approach to Training and Instructional Systems Designs, our clients realize considerable:

- Accelerated acquisition through the Native 8(a) process
- Top Secret facility clearance
- Full time Facility Support Officer (FSO)
- Experience with a wide range of training and course curriculum development capabilities

"DAWSON continues to provide outstanding performance to our DHS customer and I highly recommend them to other Federal agencies looking for an outstanding 8a company."

- Mr. Ben Case,
Program Manager
USACE Fort Worth

Proven Project Experience

PROJECT: HQ IMCOM Public Works Training Academy
LOCATION: Ft Sam Houston, Texas | **CLIENT:** IMCOM
SCOPE: DAWSON provided training management services, analysis, design, development, implementation, and evaluation for numerous courses in the MOS/AFSC Advanced Certification Training, School of Public Works. Conducted a detailed assessment of the Training Academy's requirements, developed the Training Objectives; designed Level 1-4 Interactive Multimedia Instruction (IMI) courses; implemented the courses of instruction and evaluated the student's process for four (4) newly developed courses, redesigned one (1) existing course and improved on ten (10) existing courses. DAWSON provided services for Contractor Instructor Led Training (C-ILT) for existing and new School of Public Works courses including student and instructor course materials, classroom management, and minor course updates.

PROJECT: US Army INSCOM – Knowledge Based Services
LOCATION: Ft Huachuca, AZ | **CLIENT:** United States Army Intelligence & Security Command
SCOPE: DAWSON provided support services to the US Army Intelligence Center of Excellence (USAICoE), to include: vision statements and doctrine, course management, administrative support, planning, program and acquisition support, Information Technology (IT) support and management, and various assessments and studies.

PROJECT: Defense Logistics Agency (DLA), Real Property and Planning Support
LOCATION: Various Locations | **CLIENT:** DLA Real Property Division
SCOPE: DAWSON supported DLA's Real Property Division program management including financial management, training management and project management maintaining the DLA Enterprise Business System (EBS). DAWSON developed the training courses and taught the initial and advanced courses for Systems, Applications and Processes (SAP) EBS. Provided development, review, and/or processing of more than 500 deliverables that span planning, financial analysis, conservation documents, strategic plans, technical reports, and plans related to DLA's facility and infrastructure mission, requiring compliance with applicable environmental quality, conservation, pollution prevention, and sustainment regulations.

PROJECT: Development and Integration Directorate (CDID), Combating Weapons of Mass Destruction (CWMD)
LOCATION: Ft Leonard Wood, MO | **CLIENT:** Department of Homeland Security
SCOPE: DAWSON is the prime contractor leveraging the ADDIE Instructional System Design processes. DAWSON provides the Maneuver Support Center of excellence (MSCoE) Capability Development & Integration directorate (CDID) with analytical support to include the research and review of current and previous Doctrine, Organization, Training, Material, Leader, Personnel, and Facility (DOTMLPF) to assess domain and Combatant Command Radiological/Nuclear security gaps, as well as identifying, developing coordinating and integrating domain requirements for the Advanced Radiological Nuclear Detection (ARND) Family of Systems (FOS) program. This includes primary and secondary research focused on gathering the required information and the subsequent development and staffing of the Capability Development Document (CDD) and other required documents for the ARND FOS program and other potential related system of systems. The ARND FOS focus is to provide an early warning radiological/nuclear detection capability which will be a component of the overall Homeland Security capabilities and resources.

PROJECT: Maneuver Support Center of Excellence (MSCoE) Training Support Services
LOCATION: Ft Leonard Wood, MO | **CLIENT:** Department of Homeland Security
SCOPE: DAWSON assisted in preparing and executing the project management plans and schedules; quality control, performance, and production plans, and the risk management matrix and mitigation plans as well as assisting in the preparation of all deliverables. DAWSON's tasks included various training support task orders in support of the MSCoE, the United States Army Military Police School (USAMPS), the United States Army Engineer School (USAES), and the United States Army Chemical, Biological, Radiological and Nuclear School (USACBRNS).

PROJECT: G3 and Quality Assurance Office (QAO) Training Operations, US Army Intelligence Center of Excellence (USAICoE),
LOCATION: Ft Huachuca, AZ | **CLIENT:** US Army
SCOPE: DAWSON provides support for 75 separate courses affecting 14,000 active duty and 1,000 Reserve and National Guard soldiers annually.
